Admin. Rules Proposed Changes:

The committee discussed several issues noted by legal counsel. Legal counsel will prepare a draft of the rules for the Board to review at a special meeting next week.

The committee would like the Board's input on whether or not the proposed rules can wait until the October 1, 2016 effective date. A special meeting will be called for this discussion.

It appears a statute change is required for the on-line blood glucose testing certification. The Board will discuss this at the upcoming special meeting.

ASCP Certification Requirements – Only the national certifying exam is required to obtain initial licensure. Ongoing certification is not required by law or rule.

Request for Exemptions of Test/Method from Current Licensure – A request for exemption of the Lipid t and the H6Alc were received. These applications will be added to the special meeting agenda.

Adjourn: Meeting adjourned at 1:00 pm.
